# Directions to Clock-Ticker

1224 Sierry Peaks Drive
Richard's Cell 480-227-7079

It is easy to find downtown Prescott, so here are the directions from the corner of Gurly Street and Montezuma (a.k.a. Whiskey Row) across from the courthouse square and in front of the Hotel St Michael:

Head west on West Gurley Street 1.2 miles to the third stop light and take a right on Gail Gartner Way across from the Thumb Butte Animal Hospital on the right. Continue on about 1 mile past the rodeo grounds on the right to a 4-way stop sign. Go straight through the intersection for a quarter mile and take a left on Westridge Dr. On the right as you turn into Westridge is a RV storage park. This road snakes around and becomes Downer Trail and then ends at Sierry Peaks Drive – total about 1.3 miles. See the map.

Go up the hill about a quarter mile and the house is on the left with two stone pillars out front and a paver driveway that snakes around to the front door. ***If you use a GPS system it may take you another way and you end up at a locked gate at Downer Trail and Sierry Peaks.***
